

# gold coast heritage roses group

of ventura & santa barbara counties, southern california

**Gold Coast Heritage Roses Group** was established in 2001 as a Chapter of the national Heritage Rose Groups. It is our purpose to preserve, enjoy, and share knowledge about Old or Endangered Roses.

If you're familiar with the structure of local American Rose Society affiliates, Heritage Rose Groups may seem "different" to you. HRG founder, Miriam Wilkins, tells us to:

*"Set out with a light heart, for you need meet only when it is convenient."*

We meet "in the flesh" irregularly, for tours, rose rustles, and other special events. Many of us keep in touch through an **Internet Listserv Group**. Our Newsletter, "*Gold Coast Roses*," is mailed quarterly.

The majority of our membership is located in Ventura and Santa Barbara Counties, but we have participating members across the U.S., and in other countries.

## Areas Of Interest

We do not delineate our rose-focus with overly-tight boundaries. "Old Garden Roses," and Species Roses are our chief interest, but we love Polyanthas, "Classic" Hybrid Teas, and Shrub Roses. We are interested in the preservation of any rose or rose type which might be termed "endangered."
